

## Childbirth Family Center At Hackettstown Regional Medical Center

The day a baby is born is one of the most miraculous experiences you and your family will ever have.

In January 2000, the Childbirth Family Center performed its first underwater birth—the first by any hospital in Northern New Jersey. In 2005, the Center opened two new delivery rooms with birthing tubs located in the rooms themselves.

Make your “special delivery” even more memorable by participating in the Buds of Life program at Hackettstown Regional Medical Center.

# Buds of Life

Commemorate love for a child

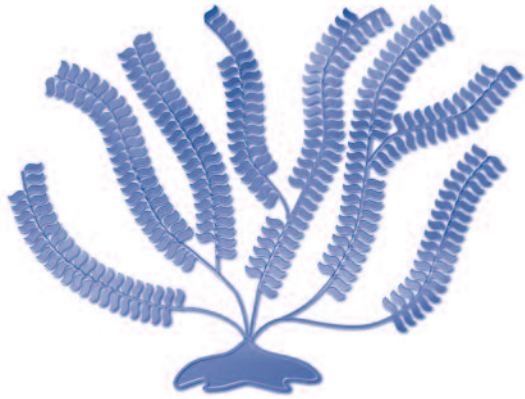

- Celebrate Newborns
- Recognize Older Children
- Honor Staff

## Parents, grandparents, aunts, uncles, Godparents and friends...

Join us in celebrating the birth of a child by participating in the *Buds of Life* program at Hackettstown Regional Medical Center (HRMC). The Buds of Life is a permanent recognition of the newest member of your family, or for each child born, or as a special thank you to a nurse or physician who experienced the event with you.

Your child's name and birth date can be commemorated with an engraved brass leaf on the *Buds of Life* wall sculpture at HRMC. If desired, you can also purchase a bud leaf to recognize those who were helpful to you during your pregnancy and delivery.

*The Buds of Life wall sculpture is a beautiful piece of art that symbolizes the love and hope a family shares and is displayed in the family solarium of the Childbirth Family Center located on the fourth floor of the Medical Center.*

## Participate

Participation in the *Buds of Life* program is easy. Simply complete and return the attached form with the appropriate donation. Each bud leaf on the tree represents a gift of \$250 and each stone represents a gift of \$2,500.

# Expect Better Get Better

If you were not previously aware of the *Buds of Life* program and would like to commemorate the birth of a child born at Hackettstown Community Hospital/HRMC in years past, you may do so now. There is no limit to the number of bud leaves you may purchase.

Proceeds derived from the *Buds of Life* program directly benefit the Childbirth Family Center at Hackettstown Regional Medical Center. Your purchase helps to build a special fund to enrich the quality and safety of the birthing experience.

## Buds of Life Participation and Engraving Request Form

**Yes**, I would like to make a gift of support for Hackettstown Regional Medical Center's Childbirth Family Center through the *Buds of Life* program.
